

Quality Policy

Quality is one of our core values and as such is part of the **'The Aalberts way'**

'The Aalberts way' can be summed up in three simple words: Winning with people.

'We are entrepreneurs: we make dreams come true. We take our own responsibility: we keep our promises. We aim for the very best result: we push our boundaries and challenge the status quo. We share our knowledge and learn from each other: we are not afraid to fail and get better every day. And we always act with integrity: leading by example, speaking up when necessary and being professional in everything we do'.

Be an Entrepreneur

We explore and make dreams happen.

We adapt, innovate and focus on our customer's requirements giving them back so much more than they expect

Take Ownership

We are responsible for achieving our own commitments. Proactive, accountable and empowered to perform to requirements.

Go for Excellence

We are passionate, self-critical and persistent in everything we do. We challenge the status quo, push boundaries, think outside the box and we deliver results. Aalberts drive the business forward by setting challenging KPIs which allows us to understand how we are performing and where we need to focus our resource.

Share and learn

We learn from each other by being open minded. We get better every day. We are not afraid of failure, in fact we embrace it as a valuable stop on the route to success.

Act with Integrity

We lead by example, act transparently and speak up. We are professional at all times and in everything we do.

Underpinning the Aalberts way is the QMS system (ISO9001:2015), Aalberts are committed to satisfy all requirements of the QMS.

Through the annual QMS review management will ensure the effectiveness of the QMS system.

This policy will be reviewed annually and when deemed necessary be amended and re-issued.
